

Ice on Area Lakes Weakening

A February thaw has weakened ice on area lakes making travel on them dangerous, according to the Crawford Co. Sheriff Dept.

They urge all fishermen and others to test the ice, especially around shorelines. They also remind outdoorsmen "old ice" is not as strong as new ice. Four inches of ice that is deteriorating has more air spaces and will not support the same weight that four inches of new or good ice will.

Stocktons Win Klondike

Butch and Brett Stockton, winners of last year's AuSable Canoe Marathon, won the annual Klondike Canoe Race held Saturday on the AuSable.

The Stocktons finished in 41 minutes ahead of Dave Shepherd and Jeff Kolka, another local racing team who finished third in the marathon last summer. Twenty-four teams raced three miles downstream from Ray's to Spider Cut and then three miles upstream.

COOR Adopts \$3.3 Million Budget

COOR Intermediate School District approved a \$3.3 million budget last week for 1983-84.

Special education costs account for \$2.4 million - an increase of \$135,000 over last year's special education expenses. The extra funds will go toward increases in programs, salaries, and bus purchases. The COOR bus fleet has an average of 173,000 miles on each bus with some hitting the 287,000 mile mark.

COOR provides special education and vocational training for about 1200 students from six local school districts in Crawford, Oscoda, Ogemaw, and Roscommon counties.

Grayling High School Open House

Grayling High School will hold an Open House on Wednesday, March 2, from 6:30 to 9:00 p.m. at the High School. Parents are encouraged to take advantage of this opportunity to discuss the individual progress of their son or daughter with the teachers.

These conferences are being held earlier than usual since the normal date would be during Spring vacation this year. It is hoped that the earlier date may also be advantageous by uncovering possible concerns and providing assistance sooner. These conferences are being reorganized in an attempt to reduce the long lines on waiting time for parents. We would appreciate your evaluation and comments on how we can continue to improve.

Mr. Naghtin, Principal, also announced that the eighth grade orientation will also take place on the same night at the High School for eighth grade students and their parents. Individual invitations are being sent to each eighth grade parent.

Remember to reserve Wednesday evening from 6:30 to 9:00 p.m. for attending the Grayling High School Open House.

Award Winning Play To Be Presented on GHS Stage

The play "On Golden Pond" from which the academy award winning movie was created is coming to the Joseph Stripe Auditorium on Thursday, Friday and Saturday, March 3, 4 and 5, 1983. The play is being presented by the Grayling High School Players with financial assistance from the Crawford County Arts Council. Curtain time has been set for 8:00 p.m. Doors to the auditorium will open at 7:30. Price of admission has been set at \$2.50 per seat, and all seats are reserved. Tickets can be picked up in advance at the Grayling Mercantile in downtown Grayling.

Recreating the role made famous by the late Henry Fonda will be high school senior Tim Taylor. His counterpart, playing the role portrayed in the movie by Katherine Hepburn will be freshman Kathy Allen. The Jane Fonda role will be recreated by freshman Stephanie Hindmarsh.

Others in the production are Junior Troy Haag, Sophomore Damon Thayer and freshman Kevin Reynolds.

"On Golden Pond" is a touching, funny and warmly perceptive study of a spirited and lovable elderly couple facing their twilight years. It is the love story of Ethel and Norman Thayer who are returning to their summer home on Golden Pond for the 44th year. Norman is a retired professor, nearing eighty with heart palpitations and a failing memory but still as tart-tongued, observant and eager for life as ever. Ethel, ten years younger and the perfect foil for Norman, delights in all the small things which have enriched and continue to enrich their long life together. They are visited by their divorced, middle-aged daughter and her dentist fiancé who then go off to Europe leaving his teenaged son behind for the summer. The boy quickly

DISTRICT WINNERS—Grayling wrestlers captured the district trophy and won ten individual medals Saturday. They'll go after their second regional title in two years this Saturday at Hart.

Matmen Win District; Ten Head to Regionals

by Jon Thompson

Grayling was as friendly a host Saturday as a black widow.

The Vikings pounded 12 other teams in district wrestling action here winning the team trophy and ten individual medals.

Steve Sauve led the assault moving his record to 40-0 with a first place finish. Five teammates joined the 138 lb. Sauve as gold medal winners, Tim Moore at 98 lbs., Dan Meldrum 126, Ron

Wyman 132, Jim Piper 145, and John Solomonson, 167.

Three Vikings captured second place, Lacey Stephan at 105, Chris Krajenska 112, and Tom Sorenson at 198. Barsie Cross at 185 took a third.

All ten wrestlers will head to regional competition Saturday, March 26, at Hart.

It was the second straight district title for the matmen coached by Don Ferguson. Last year, when the Vikings

went on to take third in the state, they only sent eight wrestlers to regionals.

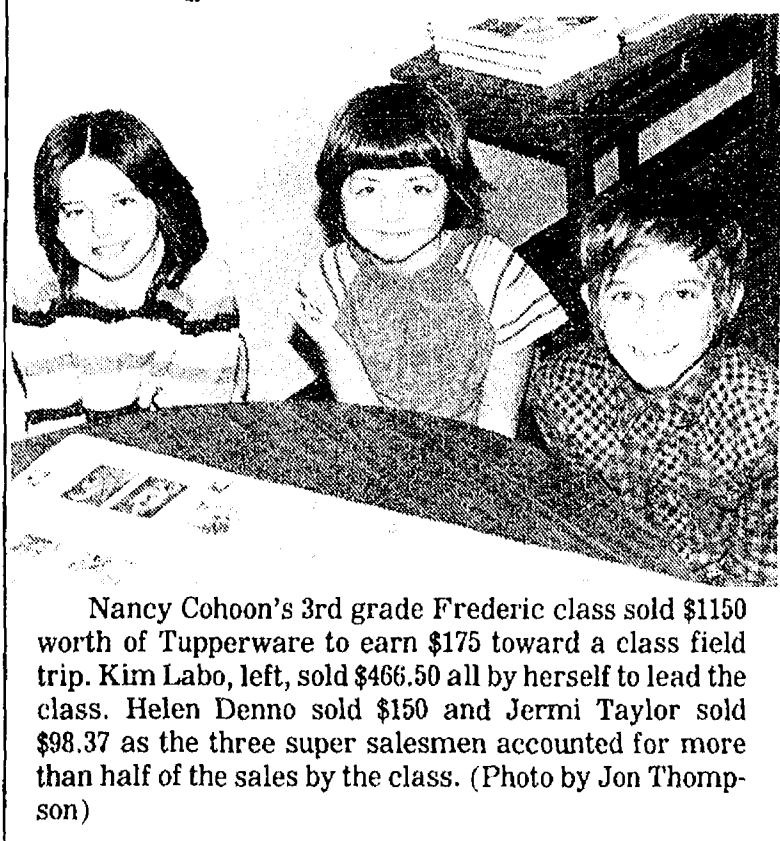

Although he has two more wrestlers going to regional action this year, Ferguson said it will be a battle there with Whitehall rated as the favorite going in.

Ferguson said all of his matmen wrestled well Saturday and admitted he stopped worrying about the outcome of the day when Grayling sent nine out of a possible 13 wrestlers into the finals.

Grayling finished with 200 points well in front of Kalkaska with 124. Benzie Central, Rogers City, Roscommon, Pine River, Clare, Charlevoix, Onaway, Tawas, Elk Rapids, and Boyne City followed.

The top four wrestlers in each weight class go to regionals.

Super Fundraisers

Nancy Cohoon's 3rd grade Frederic class sold \$1150 worth of Tupperware to earn \$175 toward a class field trip. Kim Labo, left, sold \$466.50 all by herself to lead the class. Helen Denno sold \$150 and Jerri Taylor sold \$98.37 as the three super salesmen accounted for more than half of the sales by the class. (Photo by Jon Thompson)

Grayling Girl Skiers Race To State Finals

by Jon Thompson

Viking girl skiers raced their way to a second place finish Friday at Schuss Mt. in the region IV meet and earned a ticket to the state finals - the first time in Grayling history for the girls ski team.

Grayling used a first place finish by Karyn Reynolds in the slalom and strong finishes by Heidi Derenzy, Kris Laudenslager, Heidi Bendig, and Carol Longworth in the giant slalom to come in behind Traverse City Central and beat out Charlevoix, Petoskey, Boyne City, Traverse City St. Francis, Harbor Springs, Traverse City Pathfinder, Bellaire, and Gaylord.

The girls will travel to Crystal Mt. Feb. 28th for the state finals.

The boys ski team missed out qualifying as Traverse City Central and Petoskey took the top two spots with Grayling fourth. Dave Martella was the top racer for Grayling earning a medal with a seventh place finish in the giant slalom.

Chances of making the state finals looked bleak for

the girls early during the giant slalom. Top skier Karyn Reynolds fell down near the end of her run and Petoskey still held the lead with Traverse City Central closing fast. That's when the rest of the team came through with flying colors.

"Our girls really skied well when they had to," head coach Mike Wieland said. "Petoskey skiers kept falling down and we started coming on strong."

Derenzy led Grayling in the giant slalom with a 12th place finish. Laudenslager earned a 17th, Bendig 18th, Longworth 35, Reynolds came in 60th after falling, and Kris Casler took 73rd after a fall.

In the slalom, finishing behind the first place Reynolds were Derenzy at 19th, Laudenslager 21st, Bendig 29th, Casler 33rd, and Longworth 43rd.

Wet Fall Spurs Road Petition

The wettest fall weather in recent history has prompted a petition from 95 property owners along Jones Lake Road asking for road improvements.

Ninety-five out of 206 property owners along the road signed a petition turned into the Grayling Twp. Board last month. The petition drive began during the fall when wet weather helped bring out the best of the

dirt road's ruts.

"It was the wettest fall we've had since I've been here," Crawford County Road Commission Manager John Keir said. "We'd grade a road and two or three days later it would be bad again. We couldn't get around fast enough."

Grayling Township turned the petition over to the road commission with a resolution.

Minnow Seiners Banned During Summer From K.P., Lake Margrethe

Lake Margrethe and K.P. Lake will be closed to minnow seiners from Memorial Day to Labor Day following a DNR order announced Friday.

The two Crawford County lakes and Higgins Lake will be among several northern Michigan lakes closed to commercial minnow harvesting during summer, according to County Commissioner Bud Joyce, who attended a hearing Friday at the DNR Conference Center on the north shore of Higgins Lake.

The seasonal ban is the second half of minnow seining at the three area lakes. Last year, the DNR banned minnow seining at eight nor-

thern inland lakes. The DNR feared over-harvesting of minnows at the lakes hurt the entire fish population and property owners around the lakes complained about trespassing, verbal abuse, and other damage by minnow seiners.

That ban was lifted in July, however, after minnow dealers protested. They said they obtain 80-95 percent of their minnows from Lake Huron and only go to the inland lakes when weather forces them off the big lake. They said only a few minnow seiners were causing the problems with property owners.

DNR regional fisheries

chief Jerry Manz said general observation by DNR officers indicate the commercial harvesting is doing harm to the lakes. He pointed out the DNR eliminated minnows in one small lake through their own seining operation.

The seasonal ban this year will attempt to keep property owners and minnow seiners apart from each other during the summer - a time when they met often in the past. Also the summer ban will attempt to give minnows a safe period when demand is the heaviest for the minnows that are mostly sold to Saginaw Bay perch fishermen.

Lack of Snow Cancels 58th Winter Carnival

The 58th annual Grayling Winter Sports Carnival was cancelled last Thursday night by the Grayling Recreational Authority who cited lack of snow and mild temperatures for the decision.

The carnival, scheduled for last weekend, will not take place this year. Instead organizers will regroup for next year's event.

The recreational board, who voted 9-0 to cancel the carnival, said there were three inches of water on top of the skating rink, bare earth on top of the ski hill, and water at the bottom of the ski hill. They decided to cancel the entire carnival rather than go through with a piecemeal version minus the winter sports attractions.

It wasn't the first year the winter sports carnival has been cancelled due to warm weather or lack of snow. Two years ago the second weekend of the carnival was cancelled and long-time residents have often said spring thaw comes just in time for the winter carnival.

Sleigh rides and pony rides were the only attractions booked for this year's carnival to outside groups so the recreation authority waited until Thursday for a snowstorm and cold weather to save the carnival. Approximately 2000 visitors to the park were expected for the carnival, down from 35,000 during the carnival's heyday, but still a considerable number during a poor winter for tourists.

Co. Landfill Picked as Best Site For Disposal of Oil-Stained Dirt

by Jon Thompson

About 100 yards of oil-stained dirt were deposited at the Crawford/Otsego Landfill earlier this month following a clean-up of a fuel oil leak at a DNR repair shop in Gaylord.

Art Caden, of the DNR groundwater division, said

the landfill was the best place to put the oil-stained soil because it is isolated from private water wells and monitor wells around the landfill will warn the DNR if the fuel oil leaks into the groundwater.

The stained dirt was dumped in piles and will be used as daily cover over garbage. "Hopefully, most of the oil will get tied up in the refuse," Caden said.

The fuel-oil-stained dirt falls under the heading of non-hazardous, type II waste allowed by the DNR to be dumped at the Crawford/Otsego landfill. Caden said

the nearest private property line next to the landfill is 2000 feet away and private wells downstream of the groundwater flow are farther still.

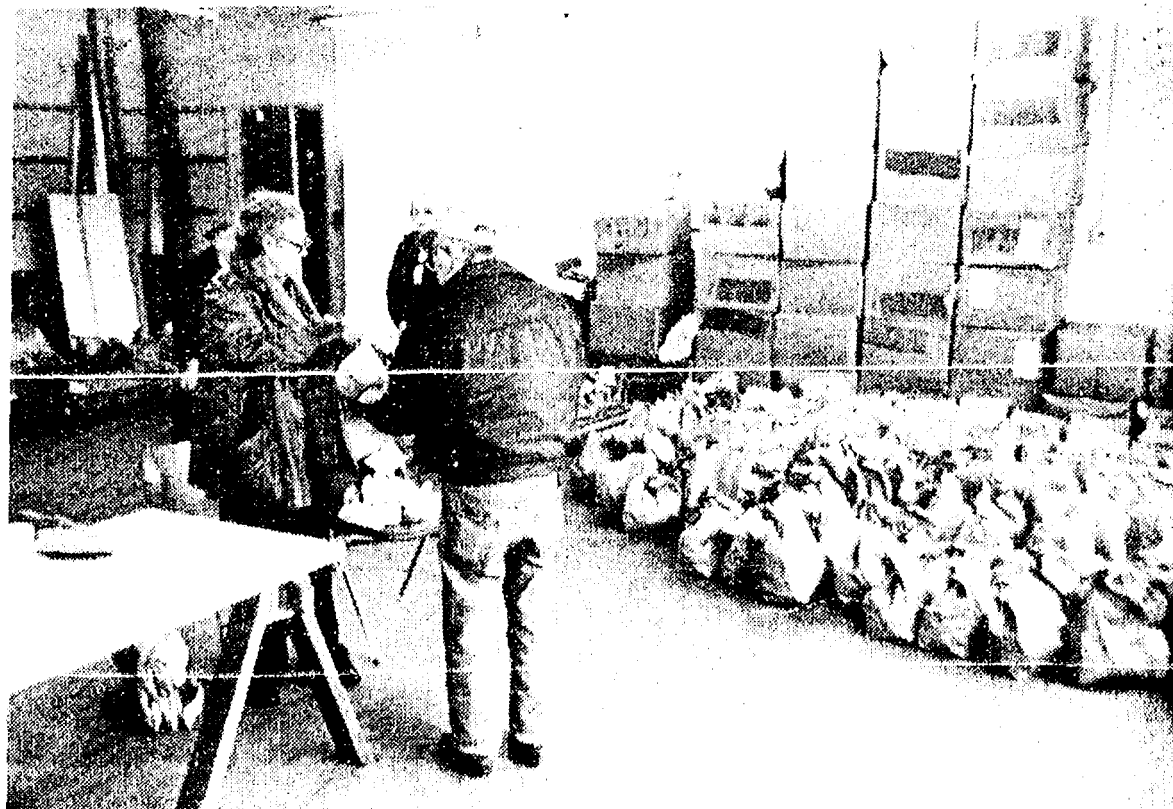

He felt the fuel-stained dirt would not cause a problem at the landfill but if it did, technology today makes it easy to remove oil from the groundwater. With the monitor wells and the wide buffer zone between the landfill and private water systems, he said the landfill was the best place to deposit the dirt.

The dirt came from the DNR repair shop in Gaylord

where fuel oil leaked out of 12,000-gallon-capacity tank. DNR personnel removed as much of the contaminated dirt beneath the tank as possible but were unable to remove all of it. The DNR is still working on the problem in Gaylord.

Caden said other spills from oil wells in the two counties have been deposited at the landfill but in smaller amounts, usually a couple of barrels of sand.

The landfill has 12 monitor wells around its perimeter and readings are taken every three months and sent to the DNR.

AIM FOOD GIVE-AWAY—More than 350 persons picked up free food from the Agriculture in Michigan program distributed in Grayling Friday in a garage at the rear of Northern National Bank. Crawford County Community Services (sponsored by the Grayling Business and Professional Women's Club) bagged and handed out 3500 pounds of potatoes, 500 pounds of beans, and 400 pounds of onions to elderly, unemployed, and low-income persons.

From Our Corner ...

Mother Nature took care of Grayling's 58th annual Winter Sports Carnival this past weekend with temperatures near the 40 mark for the past four days...this is the first time since we have been here that we can remember the carnival being cancelled, although we have heard that it has been before...we remember one year coming down from Gaylord on the Sunday afternoon and the water was up to the curb and running down the street, that year there was enough snow so that some of the activities were held at the park, so we remember...

We have heard that if March is different than February and we receive some snow and cold weather, that is enough, the committee handling the carnival will attempt to stage a belated one...but from the looks outdoors Sunday afternoon it looks and feels like the last weekend in March, when the snow is going fast and the temperature is over 40...

Another couple weeks and March Madness sets in, and all the roundball hypens will be talking basketball as the teams in the four divisions start their quest for state honors in Class A, B, C and D, following a three week period...The Grayling Vikings will be in district action at Roscommon this year...

Reminiscing a little bit...we can remember, and it hasn't been too long ago that we took in just about every game during the season and at tournament time we also became a round ball fanatic going to tournaments all over, and climaxing the whole year with the weekend in Lansing when all the semi-finals and finals were held there...come to think of it, we stopped going to the finals when they started having some of them in Ann Arbor, and possibly we were getting a bit older...it was fun...

We are going to cheat a little this week and reach back to last year's column and take a bit out so we can fill this turkey for this week...we thought the following was sort of cute and worth repeating for anyone like us who face a Monday deadline...here with...

Must Be Monday

One of our Register cartoon favorites over the years has been "Big George" who is perhaps best noted for his strong dislike of Mondays. Many share that opinion and this being another of those days will probably appreciate an anonymous donor's observations as to how you can tell it is going to be a bad day:

"You see a '60 Minutes' TV filming crew waiting when you walk into your office.

"You call 'Suicide Prevention' and they put you on hold.

"Your only son tells you that he wishes Anita Bryant would mind her own business.

"You turn on the news and they are broadcasting emergency routes out of the city.

"The bird singing outside your window is a culture.

"Your blind date turns out to be your ex-wife.

"Your car horn goes off accidentally and remains stuck as you follow a group of Hells Angels along the interstate.

"Your twin sister forgets your birthday.

"You put your bra on backwards and find that it fits better.

"Your pet rock snaps at you.

"Your wife says, 'Good morning, George', and your name is Bill.

Have a good week...

Looking over last year's column sort of makes us wish it was the same this year at this time...we left for Las Vegas on Tuesday of that week...can't blame us for dreaming...plans for this year will be a bit later...

An idle thought...last year at this time we had our fill of winter right up to our neck, and could hardly wait to get somewhere without snow...now this year, we have one of the mildest winters in our memory...maybe that is one of the reasons we are getting a late start for our R & R out west...

This about takes care of this week's turkey...goodnight T.J., Stefany and Amber, and to all our readers have a nice weekend...the smell of spring is in the air...

The Bible Speaks

From Calvary Baptist Church

Christian Living Demands Obedience Romans 12:1, 2

Just as Romans 1-11 gave us strong doctrine to believe, so also, Romans 12-16 gives us strong duty to obey. God begins with our relationship with Him and progresses to our relationship to all of society around us. Personal surrender or sanctification is God's primary requirement of every Christian.

1. God requests control of your body. "I beseech you therefore, brethren, by the mercies of God, that ye present your bodies a living sacrifice, holy, acceptable unto God, which is your reasonable service." Verse 1.

God pleads with us as His sons which He has made brethren by His mercies. He asks us to sacrifice our bodies to Him in daily service. He asks us to keep our bodies holy and acceptable to Him. He reminds us that this request is not unreasonable. As our Lord Jesus Christ gave His body a sacrifice unto death for us, even so, it is a small request that we should give our bodies to live for and glorify His name.

2. God wants your mind. "And be not conformed to this world; but be ye transformed by the renewing of your mind..." Verse 2a.

Tim LaHaye has a popular book out called "The Battle For The Mind" in which he gives detailed evidence that Secular Humanism is fighting in America for control of the mind. By control of the news media, entertainment media, government educational system, government policies, and religious goals, they are pushing for control of your body and mind. Every person born into this world is automatically conformed to this world system. All of us who accept Jesus Christ as our Lord and Savior must have our minds renewed from conformity to the world by the transforming Word of the Living God.

We were conformed to the God of this world, now we need to be transformed to the God of Heaven.

3. God wants your will. "...That ye may prove what is that good, and acceptable, and perfect, will of God." Verse 2b. Real Christianity controls every part of a person. Satan wants people to think their bodies can fulfill the lusts of the flesh; their minds can be world oriented and controlled; and their wills can be self-controlled and they are balanced Christians.

The fruit of Bible Christianity is 100% obedience of the body, mind and will of a person to the true Word of God. A goal of less than this is a goal of Satan. Lukewarm Christians make our Lord Jesus Christ sick to His stomach. "So then because thou art lukewarm, and neither cold nor hot, I will spue thee out of my mouth." Revelation 3:16. (adv.)

CMU Touring Theater Group Here Mar. 9th

English playwright Tom Stoppard's "The Real Inspector Hound" will be performed in Grayling on March 9, while on tour from Central Michigan University.

The CMU touring company consists of talented theatre students, including local woman Sue Prause, a drama major at the university. Sue is the daughter of Robert Prause and Gayle Prause, and was seen on stage many times during her high school years.

Airman Matthew S. Phillips, son of Alice Reeves of Grayling, has been assigned to Keesler Air Force Base, Miss., after completing Air Force basic training.

During the six weeks at Lackland Air Force Base, Texas, the airman studied the Air Force mission, organization and customs and received special training in human relations.

In addition, airmen who complete basic training earn credits toward an associate degree in applied science through the Community College of the Air Force.

The airman will now receive specialized instruction in the administration field.

The airman is a 1982 graduate of Hamilton County High School, Jasper, Fla.

Mr. and Mrs. Ken Wyman flew to New York for a 5-day visit with their daughter, Jody Korhonen, John and Alyssa, at N. Merrick, L.I., N.Y. They arrived a day after the bad storm but were only delayed an hour by the conditions.

Mr. and Mrs. Don Jansen attended the state meeting of the Michigan Plumbing and Mechanical Contractors Association held at the Hyatt-Regency in Dearborn on February 9-12. On their return home they stopped in Portland, to attend the Milbourne Jones Grand Family breakfast on Sunday, February 13.

Home Fix-Up Loan Program Explained Here

Low and moderate income homeowners may have an easier time obtaining home improvement money at low interest rates, when a program change is put into effect March 14 by the Michigan State Housing Development Authority (MSHDA).

The Authority lends money for a wide variety of home improvements on one- to four-unit properties at interest rates ranging from 3 to 14 percent, depending on the borrower's adjusted annual income.

Loans are available to persons whose annual household income does not exceed \$15,999, after subtracting \$750 for each member of the household. In certain targeted neighborhoods, loans can be made to people with adjusted incomes up to \$23,999.

Except in these target neighborhoods, loan applications must be made directly to local banks, savings and loan associations, or credit unions.

And now, the Authority is signing up local units of government to accept loan applications and do at least part of the processing.

The expanded program will be explained to interested lenders and community representatives at a regional meeting March 2 at the Grayling Holiday Inn. Lenders will meet from 9 to 12 noon; government officials from 1:30 to 4:30 p.m.

Sibs for Kids

Be a Pal! We need Big Brothers! We have about 15 "little" brothers that need an adult friend to spend a few hours a week with. It doesn't cost a lot, only a little time, a little effort and some caring.

In return, the Big Brother receives the satisfaction of helping some young person to reach adulthood with a good role model to follow.

At this time we are looking for a group of men who would undertake this as a project for their club or organization. For more information, contact Helen Campbell, at 348-2841, ext. 262, or stop by the office on West M-72. Thank you.

Knife Care

Hang knives on magnetic bars or store them in slotted racks or trays. Don't leave them loose in a drawer or their edges will become dull hitting against each other.

Mothers' March "Kick-Off"

The annual March of Dimes Mothers' March for Crawford County will be held from March 19, 1983 through March 27, 1983. The County is in need of Volunteers to help with this event and you do not need to be a mother to help.

If you have an hour or two that you would like to use to help those who are less fortunate than you or I due to birth defects please call Joyce Pickell at 348-8004 or Sally Hartig at 348-9544 any evening or any time on the weekends.

Your help will be greatly appreciated and just think of the satisfaction you could enjoy if perhaps the few dollars you collect would help save the life of one with very severe birth defects.

The actual "kick-off" will be held in the coffee shop at Chief Shoppenagons Motor Hotel on Thursday, March 10, 1983 at 7:30 p.m. If you have not been contacted and would like to help please come to the Hotel at the aforementioned date and time.

Sally Hartig, Chairperson Northeast Chap./M.O.D.

Vikings Bounce Bucks; Miss Charlevoix Upset

Grayling, behind Jim Stewart's 24 points, picked apart Roscommon 64-49 - a foe they might meet again in district tournaments.

Roscommon and Grayling along with Houghton Lake and Whittemore Prescott will play for district honors at Roscommon in March.

Grayling outscored Roscommon in every quarter scorching the nets at 48 percent from the floor.

"It was the best mental game we've played all year," said head coach Butch Hayes. "We showed our potential. We played well offensively, shot great, and played our best defense of the year."

Jon Nicholas played man-to-man on Roscommon's high scorer Chuck Moses and held him to 12 points. Craig Townsend hit for 21 but Hayes said it was important for Grayling to stop one of the two scorers.

Besides Stewart's 24 points, Wayne Ross hit 12, Paul Hamlin 10, and Mike Hickey had 10 as Grayling had four in double figures.

Nicholas added 6 in addition to his fine defensive work and Ryan Morford scored 2.

Few fouls were called in the game between the long-time rivals - quite a change from previous battles between the two teams. Grayling had only eight fouls called on them the whole game and Roscommon had 5.

Last Friday, Grayling came close to knocking Charlevoix off its undefeated perch when a third quarter surge tightened the game.

Wayne Ross ignited the crowd with a slam dunk to pull Grayling within five. Grayling's press came up with another bucket to narrow the game to three before missed shots by Grayling helped Charlevoix pull ahead and hold the lead for a 58-48 win. Charlevoix kept their win streak at 17 for this season.

Charlevoix had opened a 32-21 halftime lead before the Vikings made a run in the third period. Coach Hayes said his team got into the ballgame too late against the highly ranked Rayders.

Morford led Grayling scorers with 16, Ross and Hickey added 10 each, Hamlin had 6, Nicholas 4, and Stewart 2.

Grayling played at Alpena Tuesday and entertains St. Ignace Friday for their last home game. It will also be Parent's Night at the middle school gym Friday.

Budget Cuts Delayed Until Action On Income Tax

Warren M. Hoyt, Executive Director, MPA

Governor James J. Blanchard has declared he will not press for budget cuts until the Legislature acts on his proposal to raise the state personal income tax rate.

At the same time, however, state department directors were informed to hold spending to the governor's target levels as if the \$225 million in budget cuts were approved.

Directors were told to hold vacancies open, hold expenditures in line with the proposed cuts and refrain from new expenditures that would require legislative approval.

The budget cuts will be subject to more negotiations than will his proposed 1.75 percentage point increase in the income tax. "We're going to see a simultaneous package," he said.

Originally, the governor intended to issue the budget-cutting order within a couple of weeks of the January 26 State of the State message. However, Management and Budget Director Phillip Jourdan said the decision to go with a single tax increase-budget cut package was reached following consultation with legislative leaders.

Jourdan said leaders suggested it would be better to issue one budget-cutting order rather than be forced to seek approval of a second one if the Legislature refused to support enough additional taxes to erase the remaining deficit.

Blanchard also defused his estimate that the deficit this year will be at least \$900 million, saying the Senate Fiscal Agency's estimate of about \$660 million is way too optimistic.

He said the past administration of Governor Milliken and past Legislatures acted in a bipartisan manner,

and in best of intention, to sweep budget problems under the rug.

Although many legislators have indicated a desire to rely on the lower deficit estimated, Jourdan said he and the governor have been and will continue to meet with lawmakers to try to convince them "our numbers are right."

He noted at best, the deficit would be at least \$850 million and could easily top \$1 billion.

"This is not a worst case scenario by any stretch. We're just shading it toward the pessimistic end."

Michigan is 14th in Alcohol Problems

Michigan ranks 14th among the 48 contiguous states in terms of alcohol problems according to a study by the National Institute of Alcohol Abuse and Alcoholism.

Compared to the other industrial Great Lakes states, Michigan ranked far worst in alcohol-related problems than six states — Illinois, 32nd; Ohio, 33rd; Pennsylvania, 35th; Wisconsin, 37th; Indiana, 38th and Minnesota, 43rd.

The study was based on alcohol-related mortality rates on a per capita basis, using deaths attributable to cirrhosis, alcoholic psychosis, alcoholism, alcoholic poisoning, highway fatalities, suicides and homicides.

A total of 17 separate factors — including unemployment, education levels and population density — were studied as contributing factors to alcohol problems.

The state with the worst alcohol problems was New Mexico, with Nevada number two.

Maryland had the least number of alcohol-related problems, with Iowa being number 47 in terms of total problems.

Howard Taylord to Head St. Jude Bike-A-Thon

The Central Regional Office of St. Jude Children's Research Hospital announced today that Howard Taylor has agreed to chair the St. Jude Children's Research Hospital Bike-A-Thon in Grayling.

St. Jude Children's Research Hospital was founded by entertainer Danny Thomas. The institution opened its doors to the public in 1962 to combat catastrophic diseases which afflict our children. St. Jude Hospital is non-sectarian, non-discriminatory, and provides total medical care to over 4,200 patients.

At St. Jude, scientists and physicians are working side by side seeking not only a better means of treatment, but also the causes, cures and prevention of these terrible killers.

All findings and information gained at the hospital are shared freely with doctors and hospitals all over the world. Thanks to St. Jude's, children who have leukemia, Hodgkin's disease, sickle cell anemia, and other child killing diseases now have a better chance to live.

The Bike-A-Thon program is dedicated to "Terry". Terry was diagnosed with leukemia in March of 1978, and began treatment at St. Jude Children's Research Hospital. Today, she is well and off all medication. Terry is a living example of the progress and success of the research, patient care, and educational programs of this internationally recognized hospital.

The funds raised in the Bike-A-Thons this spring will help assure the continuation of the life giving work at the hospital.

The concern which Mr. Taylor has for the work being done at St. Jude is greatly appreciated. The Children hope that the citizens of Grayling will wholeheartedly support the upcoming Bike-A-Thon.

Local Scouts Camp Out

On February 12th, four scouts from Troop 997 and assistant scoutmaster Loren Goodale went to Pioneer Hill for the Klondike Derby/Polar Bear campout. They were accompanied by Carl Lugviel and Steve Sendek.

The Klondike is a district event, there was competition from four counties, however, there was not enough scout participation from Grayling, so the scouts were unable to compete as a troop.

The scouts are required to spend at least 18 hours outside to earn the Polar Bear Badge, so the group spent the night at Pioneer Hill after the competition was over.

The scouts would like to express their appreciation to Mr. Lugviel and Mr. Sendek for helping out.

Doodles From The Tall Timber

Wendell L. Hoover
Park Interpreter

The crows are back from wherever it is they go when it gets cold. The chickadees are so confused that at times they sing their spring song. The blue jays are doing it too when by chance they visit the feeder. I suspect this winter is as unusual for the wildlife as it is for us. The deer are still out in the high country so the yards should be a bit better off than is typical. The eagles have returned and it appears that nesting activity has started. During some bad winters, the muskrats are frozen out of food and ponds, whereupon those able start a wandering search for food. Weather and predators usually foil such attempts.

While the lack of snow may benefit most forms of wildlife, it sure does not help northland economy and that some lack of snow may allow intense cold to harm the seeds or rootstocks of various flowers and other plants. Some flowers need some cold to stimulate growth but are normally insulated by deep layers of snow by this, the cold time of winter.

Without the melting snow to wet our woodlands, we could have a bad time with fires before green-up so keep your fingers crossed.

Volunteer Fun Day

Representatives from 8 volunteer organizations and non-profit groups met at Chief Shoppenagons Feb. 15th, to reserve space for the Volunteer Fun Day planned for April 23, 1983. Over twenty groups have indicated that they will participate at this time. Confirmed groups who have paid their \$10.00 fee for space are: Arts Council, Mercy Hospital Auxiliary, Kirtland Community College Foundation, Milltown Festival Fund-raising Committee, Sibs for Kids, Abundant Life Fellowship, R.S.V.P., Youth Services Bureau and United Way.

There are 32 spaces available and will be assigned on a First Come, First Served basis.

There are about 4 hours of entertainment scheduled, so we are still looking for about 4 more hours of entertainment. There will be no charge for the groups who will be entertaining. Interested persons can contact the Sibs office at 348-2841, ext. 262.

There will also be several outside activities, including the American Red Cross Disaster Unit, the 7th Day Adventist Church Disaster Van and possibly the Ambulance Corp.

This is shaping up to be an event you won't want to miss and you and your group can still be a part of it. Call today for more information.

I JUST HEARD THAT BILL DIED.

I'D LIKE TO HELP. WHAT SHOULD I DO?

Many bereaved people complain that they feel avoided and alone after a death. Friends complain of awkwardness in finding an appropriate way to offer assistance. They feel they might intrude or fear creating further upset. The solution to this dilemma lies in taking the initiative! Call your bereaved friends and tell them of your willingness to listen or to help. If they want your assistance they will gratefully accept. If they refuse your offer keep in mind that they are not rejecting you personally, they are simply saying they do not need your help at this time. Many grieving people find it difficult to seek help on their own behalf. So remember, friends and neighbors who make a specific offer of assistance may relieve some of the burden.

The exception will be Commissioners' vouchers which will continue to be listed individually. Detailed minutes may be reviewed in the Clerk's Office during regular business hours.

Abuse of the Courthouse meeting room was discussed at length. Signs will be posted indicating that if ashtrays are not used, smoking will be prohibited. A reminder to Department Heads that walls are not to be defaced with tape, nails, tacks,

etc. will also be issued. In other building and personnel related business; concern over costs of appliances such as air conditioners, refrigerators, and heaters was referred to committee; restrictions on the law library phone were clarified; and inmate use of phones was discussed. Blue-Cross Blue Shield family coverage and the medical report from Dr. Dosch were reviewed. Requirements for ordering autopsies will be obtained. Recommendations on energy effectiveness of the boiler and water heater were ordered to the Finance Committee for review. A finger guard for the paper cutter and notice of up-coming seminars on safety and the open meetings act was discussed.

A review of programs under the small cities community block grant program revealed that the Roger City Hospital, Riley Township sewer and water project, an adjustment to a Dial-A-Ride system and, sidewalks and guard rails in Gaylord had been approved.

A public hearing on the proposed use of Federal Revenue Sharing funds for the 14th Entitlement Period convened for 35 minutes at 2:00 p.m. Projected funds are estimated for 1983 at \$165,216.00. In the past revenues have been deposited in the General Fund and appropriated to the Sheriff Dept. for public safety. Many comments relative to formulas used for said funds, ability to operate when the program is eliminated, more services being requested by government, and reduction of taxes were received. Specific use and the time table on funds are set by the Federal Government. Concurrence of continued use for public safety was received.

A decision on a proposal from Mr. Paul Goode for consulting and administrative services was tabled & referred to the Finance Committee for further study, after which the public hearing was reconvened for further comment at 3:15 p.m. No further comments being received, the hearing was announced closed, and the regular meeting reconvened.

Commissioners next heard presentations on the Green Thumb employment program for disadvantaged and older workers, and the programs being offered through the Co-op Extension Service. The latter program presently has 350 to 400 participants in several programs, and is presently active in the planning of Crawford County's first fair, scheduled for August 1983.

Safety recommendations made by Corporate Services, Inc. were reviewed by the Board. Many of the recommendations have already been implemented, and others will be initiated in the near future. Sheriff White reviewed some of the procedures required for inmates, and problems being encountered. The problem of unauthorized phone calls was briefly discussed, and the Sheriff will obtain more information on the feasibility of additional phone jacks.

Reimbursement of Circuit Court cooperative programs with Otsego and Kalkaska was reviewed, and a request for advancement of one quarter of both the Circuit Court and Friend of the Court budgets at the beginning of each quarter will be taken under consideration. Payment of \$14,342.79 to Otsego County on the Co-operative Reimbursement Program was approved, with the provision that clarification of mileage and other costs be provided.

Information relative to the replacement of CETA by JTPA was received, and a resolution was passed recognizing and endorsing the present Northeast Michigan Manpower Consortium's application for designation as a service delivery area and grant recipient status under JTPA.

The Finance Committee has met with representatives of Otsego County to discuss many issues on the joint landfill operation. Legal counsel will be obtained to resolve several issues. Use of the Military to assist in the trenching, hours of operation, contracting the operation, and outstanding repair bills were among topics of discussion. An advance of funds necessary to pay our share of the repair on the D-4 Dozer in the amount of \$3830.00 was authorized.

A special committee of Mattis, Welser, and Miller to further study the landfill operation was appointed.

Board policy on reimbursement for travel, meals, and other expenses will be submitted to Department Heads, Boards, and Committees.

This "knock knock" is no joke.

Sure, when you open your door to a girl of 3 foot 11, with more freckles than cookies, it's enough to make anyone smile.

But the selling of Girl Scout cookies is no laughing matter. Because it's the cookies they sell that help keep them nourished. In fact, they help pay for just about everything the Girl Scouts do.

So next time a Girl Scout knocks at your door, remember. It's not for your amusement. It's for hers.

Girl Scout Cookie Sale starts Feb. 25 thru Mar. 7 Only \$1.50 a box and a choice of 7 varieties.

To Whom it may Concern,
Over the past couple of years most of you in your churches have studied the cult movement. Directly or indirectly the Reorganized Church of Jesus Christ of Latter Day Saints has been so labeled. Since we were never asked if the information was correct or not, response, until now, was difficult. I thank Mr. Barnett for his article of January 13 entitled "Book of Mormon or Jesus" that brings the subject, among others, out into the open for us to deal with. Tho' again we weren't contacted for facts.

I believe God has used that article as an answer to prayer. For I have asked Him how to get the beautiful message about His son Jesus Christ as contained in the Book of Mormon to this community without sounding like a threat to where they are spiritually. Well, isn't it terrific the way our Lord makes opportunity for us to witness His universality.

Mr. Barnett's article had two points right. One is that there are two main bodies of people which have the same common beginning: The larger began with people that followed Brigham Young to Salt Lake Valley after the murder of Joseph Smith, Jr. at Nauvoo, Illinois in 1844. They kept the original name Church of Jesus Christ of Latter Day Saints, sometimes called Mormons. Shortly after arriving at the Salt Lakes Brigham Young required many of his followers to be rebaptized; men previously ordained to the priesthood were reordained; and teachings and practices were interjected which were completely at variance with the laws of God as taught during the earlier years of the church. Violation of doctrine was eventually accompanied by violation of common consent. The second largest existing group is a reorganization of those who adhered to the doctrine and teachings of the original church and who believed that, according to previous divine appointment, the Lord would send the eldest son of Joseph Smith, Jr. to be the prophet-president of the church. At the death of his father, Joseph III was in his twelfth year. In the interim following the martyrdom, those of this body who stayed mainly in Wisconsin and Illinois continued to worship, conduct meetings, and organize branches of the church in the same missionary spirit, doctrine, and authority as observed in the early church.

They continued to teach only in accordance with the scriptural foundations as revealed in the Holy Bible, the Book of Mormon, and the Doctrine and Covenants. The latter being a record of revelations to the church since 1830 until today. In 1852 the process of reorganization began "according to the pattern" of the original church by those divinely authorized to do so; and in 1860 Joseph III, by the same power was elected by the Saints and ordained to his rightful place as his father's successor. The body thus formed by common consent is known as the Reorganized Church of Jesus Christ of Latter Day Saints.

The second thing correct in Mr. Barnett's article were the scripture quotations. The primary points of the article

that I wish to address over the next few weeks are 1. The claim that we believe our salvation is by works, 2. that we declare the Book of Mormon to be a different gospel than that of Jesus Christ, 3. that we are a cult and 4. that we believe all churches are in error.

I do not presume to speak for our Mormon friends, nor do I have any authority to speak for the RLDS world church. I speak for myself from thirty plus years of membership in The Reorganized Church of Jesus Christ of Latter Day Saints. This is my testimony to you; I believe in one God as He proclaims himself in Isaiah 43:10-13, I believe in His Only Begotten Son, Jesus the Christ in all the power and majesty of John, first chapter, and in His Holy Spirit, three and yet one. I believe that I am saved through the atonement of Jesus Christ and obedience to the laws and ordinances of His gospel.

Respectfully Submitted in Love and Prayers to Glorify God and to reconcile us one to another and to our Lord and Savior Jesus Christ.

JUNIOR DEPUTY—On February 9, 1983, the Grayling Elementary School fourth grade classes had Junior Deputy. Sgt. Morris and his dog, Toby, came to the school for Junior Deputy. And he told us how Toby grew up and how he was trained. On slides we saw Toby on a real search for a person. Toby is the best tracking dog in the Gaylord State Police Post. In 1982 Toby had twenty calls and found all twenty men. Sometimes Sgt. Morris and Toby get to the scene of the crime six hours later and still find the men. Written by Sean Hamina, Scott Nicholas, and Truman Potter, 4th grade.

Chamber Chatter

By Joyce Kolka

At this time a number of our Grayling people are manning a booth at the Outdoor Sports and Boat Show in Detroit. The show is the largest of its kind in Michigan. The affair is sponsored by the Michigan United Conservation Clubs and is held at the State Fair Grounds and will be attended by hundreds of thousands of people from all over the state. The traveling exhibit shows pictures of Crawford County's recreational opportunities as well as photos of various services tourists may expect.

Those attending the show to talk about the pleasure of visiting this area include: Dick Joseph, Grayling Mercantile; Pat Lawrence, Century 21 Real Estate; Kathy Lovely, Carlisle Canoe Livery; Mr. and Mrs. Jack Trudgeon, Borchers Canoe Livery; Larry Gust, Pine Knoll Campground; Norma Naour, Cornell Real Estate; Mr. and Mrs. Fred Roemer, Wyandotte Lodge; Joe Wakeley, Jolly Redskin Canoe Livery; as well as, Don Geiss and Joyce and Jim Kolka from the chamber office. A big thanks to Carolyn Boone of Grayling Water Wells for her help in brochure preparation for the show.

Speaking of downstate promotion of the area, an important aspect of the WKNX radio Outdoor Sports and Boat Show in Saginaw will be 20 radio spots about recreation here.

We certainly want to congratulate the New Miss Grayling, Heidi Lee Goss. She will make an excellent representative for our community in the various parades, shows and pageants this year. Our congratulations also go to Melinda Kaye Baker, 1st runner up, Sheri Ann Linendoll, 2nd runner up and Talent winner, and Wendy Ann Savallisch, Miss Congeniality. Certainly all of the girls who were in the pageant deserve applause because without them there would be no contest.

The new chamber brochure which describes the outdoor recreation that this area has to offer is now available. It is a handout piece designed to use while a full color brochure is being prepared.

The "Think Spring Giveaway" of a 15 foot Michcraft canoe purchased from Ray's Canoe Livery, will be underway soon. Tickets will be available from chamber board members and other merchants in the area.

It might be of interest to our readers to know that we in the chamber office have made a check on the number of telephone inquiry calls received in our office each month. We estimate that there are 400 calls per month ranging from questions of snow conditions to lodging, from campsites to fishing conditions. These calls do not include those from local sources or for internal affairs.

Milltown Festival plans continue to shape up as the Grayling Mall will be conducting sidewalk sales and a flea market. The Knights of Columbus will also be sponsoring the Milltown circus at Hanson Hills.

Recently Norma Naour, Miss Grayling Pageant director and Don Geiss from the chamber office appeared on the Donna Smith talk show on Channel 9 TV. They discussed the pageant and Winter Carnival. From all reports, they covered the two events very well.

Last Wednesday we attended the Winter Carnival Kickoff Dance where a good time was had by all. We acted as a representative of the chamber and handed out the gift certificates, scholarships and gifts to the various pageant young ladies. Marty VanDeVen, Grayling Recreation Authority chairman acted as Master of Ceremony and did an excellent job as usual.

There is no calendar of events this week because any planned festivities have not been brought to the chamber's attention. We suggest all persons responsible for an affair check with the chamber office before finalizing a date and then call again to place the event on the Community Calendar.

The Thinker... and Believer

The sculptor was right. Our ability to think — our determination to think — this is the key to human progress.

But the same God who endowed man with the ability to think also gave him the sense of spiritual destiny. To be thinkers is only a beginning in the quest for our purpose, our mission, the meaning of our existence.

The message of Christianity has always been directed toward men and women and youth who have the God-given zest for thinking. Week after week in our churches the thinker is challenged to become a believer.

The most exciting and promising of man's endowments is not his capacity for thought... rather his yearning for faith. And faith is never content with human progress. Faith is determined to commit our intelligence to the achievement of Divine Progress.

becomes the "grandchild" the elderly couple have longed for and as Norman revels in taking his ward fishing and thrusting good books at him, he also learns some lessons about modern teenage awareness and slang in return. In the end, as the summer wanes, so does their brief idyll, and in the final deeply moving moments of the play, Norman and Ethel are brought even closer together by the incidence of a mild heart attack. Time, they know, is now against them, but the years have been good and, perhaps, another summer on Golden Pond still awaits.

Skiing

(Continued from Page 1)

For the boys, finishing behind Martella in the giant slalom were Pete Huss 21st, Alan Weiss 28th, Greg Welsor 30th, Mark Gust 33rd, and Ronny Thomson 69th.

In the slalom it was Martella 20th, Gust 25th, Thomson 28th, Welsor 35th, Huss 55th, and Weiss 67th.

In the Michigan Huron Shores Conference meet Feb. 15th at Nubs Nob, the girls placed second behind Petoskey with Reynolds taking first in the slalom and giant slalom. The boys finished fifth with Martella taking a fifth and seventh.

For the girls, Derenzy had a 16th and 13th, Lauden-slager 13th and 54th, Bendig 17th and 17th, Longworth 21st and 24th, and Casler 24th and 28th.

For the boys, Weiss had a 13th and 17th, Gust 23rd and 19th, Welsor 27th and 22nd, Thomson 26th and 24th, and Huss 44th and 38th.

tion supporting its call for improvement on Jones Lake Road. The road commission has added it to its list of road projects, but although the property owners, township, and county all agree the road needs improvement, money may stand in the way.

Keir said it will probably cost \$40,000 to \$60,000 a mile to bring the road up to gravel or blacktop surface. The property owners would like four miles of road improved.

Grayling Twp. usually spends \$20,000 to \$25,000 a year on road projects matching funds with the county. Bernie Fowler said fixing Jones Lake Rd. would use up a lot of years of the township's road improvement fund.

The county usually matches township money on a 50-50 split. Grayling Twp. already had three road projects ahead of Jones Lake Road and Frederic Township has one. Roads in Sherwood Forest, Woodleaf Drive, and Circle Court in Grayling Twp. are scheduled for paving and other improvements and Cameron Bridge Rd., Kolka Drive, and Batterson Road in Frederic Twp. still have work to be completed.

Keir said the road commission will be able to improve some of Jones Lake Rd. later this year because of a change in state definitions about maintenance. Under new liberal definitions the county will be able to do some ditching and surface work with maintenance funds.

Restoration Beliefs

We believe in God the Eternal Father, and in his Son Jesus Christ, and in the Holy Ghost.

We believe that men will be punished for their own sins, and not for Adam's transgression.

We believe that through the atonement of Christ all mankind may be saved by obedience to the laws and ordinances of the gospel.

We believe that these ordinances are, first, faith in the Lord Jesus Christ; second, repentance; third, baptism by immersion for the remission of sins; fourth, laying on of hands for the gift of the Holy Ghost.

We believe that a man must be called of God by "prophecy, and by laying on of hands" by those who are in authority to preach the gospel and administer in the ordinances thereof.

We believe in the same organization that existed in the primitive church; viz., apostles, prophets, pastors, teachers, evangelists, etc.

We believe in the gift of tongues, prophecy, revelation, visions, healing, interpretation of tongues, etc.

We believe the Bible to be the word of God as far as it is translated correctly; we also believe the Book of Mormon to be the word of God.

We believe all that God has revealed, all that he does now reveal, and we believe that he will yet reveal many great and important things pertaining to the kingdom of God.

We believe in the literal gathering of Israel and in the restoration of the Ten Tribes, that Zion will be built upon this continent, that Christ will reign personally upon the earth, and that the earth will be renewed and receive its paradisaic glory.

We claim privilege of worshipping Almighty God according to the dictates of our conscience, and allow all men the same privilege, let them worship how, where, or what they may.

We believe in being subject to kings, presidents, rulers, and magistrates, in obeying, honoring, and sustaining the law.

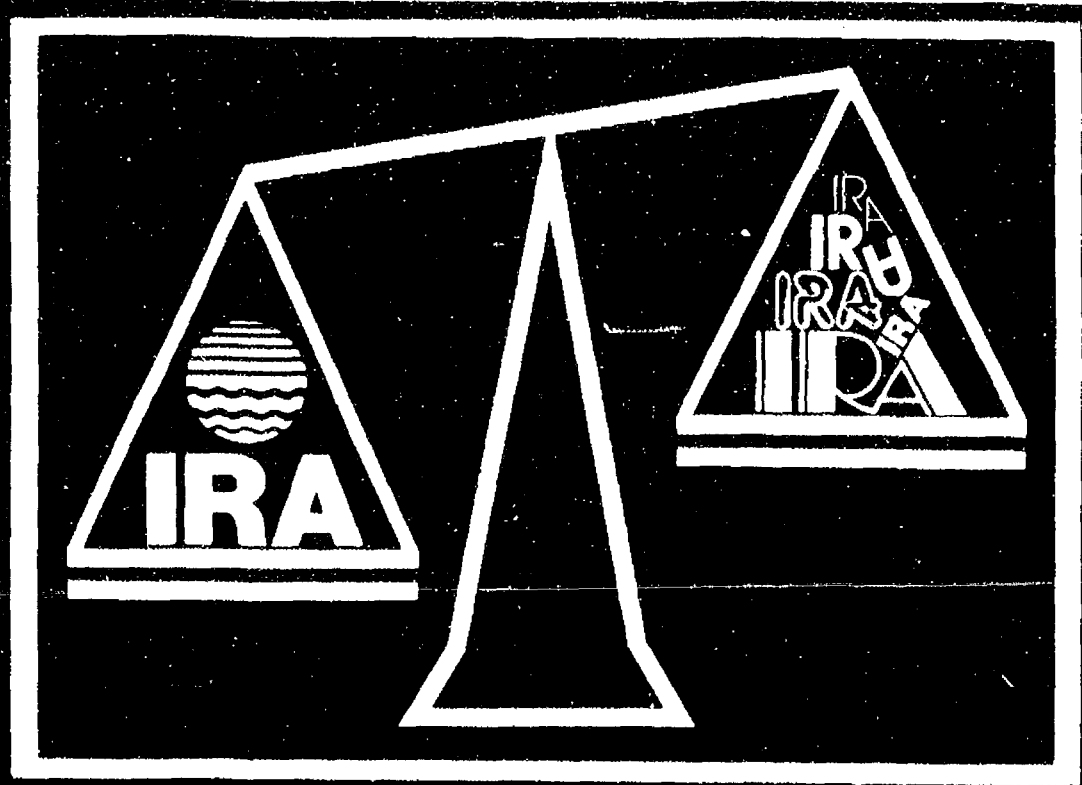

We believe in being honest, true, chaste, benevolent, virtuous, and in doing good to all men; indeed we may say that we follow the admonition of Paul, "we believe all things, we hope all things, we have endured many things, and hope to endure all things. If there is anything virtuous, lovely, or of good report or praiseworthy, we seek after these things.

Respectfully,
Joseph Smith, Jr.
